StoneLux – system of choice for the repair of Technistone surfaces

The StoneLux professional repair system contains all the components to allow fast and high-quality repair work - from preparing and repairing the damage to finishing the repaired surface. Technistone has been using StoneLux for the repair of a wide range of small and medium size damages; with StoneLux quick and effective repairs can be accomplished.

Technistone highly recommends StoneLux, as the fully integrated system for effective repairs of polishable natural stone and engineered stone in interior and exterior, to our professionals and to repair **Technistone® Products**.

Yours sincerely,

Ing. Jiří Ludvík
